

Hrrmm...

VZZZZZZ...

HRNNG!

SHLRRP!

POP!

THIS IS
AMAZING! IT'S EVEN
SOFT AND COMFY! IS
THIS YOUR HEIR
POWER?

Naw, I was
just playing
around with these
boxes and I found
out if you put some
magic into them and
think really hard
about it, they turn
into whatever
you want!

KOR! URU!
GATHER EVERYONE
THAT YOU CAN AND MEET
IN THE LIBRARY. YOU'RE
NOT GOING TO
BELIEVE THIS!

The
book is all
about...

...me?

WELL,
HOW TO FIX YOU
AT LEAST.

AFTER YOU
CRASHED, SOMEONE
LOOKED THROUGH YOU
AND WROTE DOWN WHAT
NEEDED TO BE FIXED
AND HOW!

Hold on,
I'm not going
anywhere without
Alice's soul!

OR PRINCE
PAOLLO!

I WASN'T
SUGGESTING THAT
AT ALL! I WANT THEM
BACK TOO!

BUT EVEN IF
WE RESCUE THEM, DO WE
TAKE THEM BACK HERE TO STARVE
IN A FEW WEEKS? OR TRY TO FIGHT
OUR WAY OUT THROUGH A WHOLE
ARMY? THIS BOOK COULD
CHANGE ALL THAT!

ONE
LITTLE BOOK
CAN DO THAT?
HOW?

IT
GIVES US
A WAY OUT!
WE STILL
HAVE A
CHANCE!

HEY
KOR, DO
THESE LOOK
FAMILIAR
TO YOU?

FLOP!

My gloves!
Where did you find
them, I've been looking
all over!

OH, THEY
WERE JUST ON
A SHELF IN THE
PANTRY.

So I was
wondering... what
are we going to do
AFTER all this?

WE'LL
ESCAPE IN
THE MACHINE,
REMEMBER?

No, I
mean after
THAT. What's the
plan?

Do we just
keep running from
The Raven for the
rest of our
lives?

What if The
Raven gets mad
and goes after our
families? I can't bear
the thought of those
monsters going
after my
mama.

And if we
manage to stay
hidden until we die, they'll
just go after the new
heirs! Our descendants
will be in danger.

I DON'T KNOW,
KOR. I THINK WE
NEED TO GET OUT
OF HERE BEFORE
WE CAN WORRY
ABOUT AFTER.

Look Lucinda,
I got us some bread! Real
fresh bread, not the hard tack stuff
they've been rationing out
to the troops.

I didn't forget
you, Doctor. I got a
fresh fish, as thanks for
all your extra work to
help Lucinda.

Thank you,
Knull. It can't have been
easy getting fresh food
like this.

Well, I
wanted to do
something for
you. After all, you
saved my coat
from those
harpies.

All you have
to do is give
them your death
glare and they
back off. I wish
I was brave
like you.

While I have
a talent for intimidation,
that is not the same
thing as courage.

I cannot feel
fear. Without facing
fear, how can a person's
actions be considered
courageous?

Hey
there, sad
sack!

Looks like
I arrived just in
time. Listening to
knurl blither on
can't be healthy
for anyone.

Vaniji!
W-what are
you doing here?
What do you
want?!

Aw, I'm
just dropping
by to visit my
lovely lady.

IF Lucy's going
to get well, she needs
someone like me to kiss
her all better.

Sh-she
doesn't need
you b-bothering
her. Y-you
should
leave.

And...

you think
she wants a
pale, pawing,
fawning worm
'bothering' her
instead?
